Ft Lauderdale, FL 33334-6117

Ref: Letter of recommendation

I have known the Collette's for over ten years. They are one of the most stable and professional sub-contractors I have ever worked with. Paul is resolute in doing quality work. He is always checking on his men and the quality they produce. They are committed to excellence in both the way they conduct themselves and the product that they produce. Paul is always timely with his work and communication. If he sees something on a job that does not make sense he will communicate it immediately. Through the years I have found the Collette's to be of high morale standards and I would highly recommend anyone using them as a sub-contractor and for his advice.

Sincerely,

William Stecker, Pres.
